Sat 31 st March	John Bailey	Annie O'Shea

8.30AM AT KMart

If you are unable to do BBQ when you are rostered, it is your responsibility to organise a change

President's Report 28th Feb 2018

The following Rotarians represented our club at the annual Remel dinner on Wednesday night.

President Jeanette, Rotarian's Adrian, John, Libby, Joan and Aileen, we all enjoyed a night of good food, laughs and good fellowship.

All club Presidents gave a brief (or meant to be brief) 2min talk on how their club was travelling and some of the projects that we all have been involved in throughout the year.

This week is our regular meeting with an interesting Debate to take place on
'Should Australia become a republic'.

Please come along with friends and family to listen to this interesting topic.

A board meeting was held on Tuesday night where the board passed the acceptance of our Strategic Plan that was distributed to all members earlier. Thank you to Mike for all his work in putting this together.

Coming up is a big weekend for us with the catering of the Show and Shine on **Sunday 11th March**. We need to have as many Rotarians on board as possible, if you are unable to support you may know of a friend or family member that may be able to assist. Dave Clark will talk on this on Monday night.

As our book fair is approaching we will also be asking for the support of members to assist in sorting of books, this is a huge project and once again we will need all members to be on board.

Jess Stclair has advised that she will be taking leave of absence for 3-4 months

I would also like members to know that Honourary member Jean Mc Donald is in Hospital.

Our best wishes go to Jean for a speedy recovery.

Look forward to seeing you all for our

"The Great Debate"

Family and friends most welcome

Have a great week keep smiling and making a difference to everyone you meet.

Yours in Rotary

President

Jeanette

<i>BIRTHDAYS</i> March obviously not a good time for babies.	<i>INDUCTIONS</i> Coming Soon	<i>RAFFLE</i>	<i>Heads and Tails</i>
